Farmville, Va., April 22.—Between the hours of 12 and 1 last night, fire was discovered in the grist-milling building of W. C. Dunkum, situated near Worsham, and in a short time the entire property was reduced to ashes. Several aundred barrels of corn and all the machinery were consumed, upon which there was no insurance. The origin of the conflagration is not known, and it was probably the work of an incendiary. necessary to increase the currency. The mount of the present per capita should be increased, but changes should be made gradulty. When the law was passed providing or the coinage of \$2,000,000 per month feared the result, for I thought it unid prove an injury to the business interests the country, for the time at least. However, the law proved a benefit, for, contrary to my childen, the country was ready for the change, then the present law providing for \$4,500,000. STRICKEN WITH PARALYSIS.

IT IS THE PURPOSE OF THE CONSOLIDATED TO OFFER, for the present only. 800 OF THESE LOTS, nd to guarantee that when the 800 Lots are sold, to erect upon some suitable portion of the property, sufficiently far removed from the residential portion, one modernly-built, ell-equipped Cotton Factory, to cost \$100,000, and to supply the Cotton Factory with CASH WORKING CAPITAL of \$25,000, making total outlay for

For every dollar invested in West End Town Lots, adjoining the Trinity College property, the purchaser realizes 50 per cent in First-Class Industrial Enterprises, which will enhance the value of his investment.

The "CONSOLIDATED" confidently believes that the above is the most liberal and at the same time the most legitimate offer that has come before the public. In fact the offer is so liberal that we do not besitate to say that in our opinion, the opportunity will be promptly taken advantage of by those who have been waiting for the BEST, or persons desiring to secure first-class educational advantages for their Boys, on the most persons desiring to section advantageous terms.
